TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Conway, County of Carroll, in the State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Kennett High School Auditorium at Conway, New Hampshire, on Tuesday, the 5th day of March, 1974, at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Article 1 and 2 will be by official ballot, and the polls shall open for balloting at nine o'clock in the forenoon and shall not close before 7:00 o'clock in the evening. The remaining articles of the warrant shall be acted upon at 7:00 in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

ARTICLE 1. To choose all necessary officers, and to vote on the delegates to the Constitutional Convention.

ARTICLE 2. To vote on the adoption of the Homeowners' Exemption Law, authorized by Chapter 482 of the State Statutes passed by the 1973 State Legislature and signed by the Governor. Agreeable to a petition signed by Lester H. Morrell. Submitted without recommendation by the Budget Committee.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate for the following purposes:

- Section. a. Town officers' salaries
b. Town officers' expenses
c. Office expenses
d. Election and registration expenses
e. District Court expenses
f. Expenses town hall and other town buildings
g. Employees' retirement and social security
h. Police department
i. Fire department
j. Blister rust and care of trees
k. Insurance
l. Damage and legal expenses
m. Civil defense
n. Health department, including hospitals and ambulance
o. Vital statistics
p. Town dump
p-1. Mt. Washington Valley Incinerator capital reserve fund
q. Maintenance of highways
r. Town Road Aid
s. Libraries
t. Town poor
u. Old age assistance
v. Memorial Day
w. Soldiers' aid
x. Parks and playgrounds
x-1. Advertising and regional associations
y. Interest on temporary loans, bonds and notes
z. Class IV urban
a-1. New equipment
b-1. Bonds and notes
c-1. Perambulation of town lines
d-1. Capital reserve for survey of streets and tax map
e-1. Assessing and tax map maintenance
f-1. Planning board
g-1. Conservation commission
h-1. Highway subsidy
i-1. County tax

ARTICLE 4. To see if the town will vote to direct the Selectmen, together with the moderator, to appoint three persons to represent the town of Conway on a Regional refuse disposal planning board to be known as the "Mt. Washington Valley Public Service Council" and to develop a viable solution to the solid waste disposal problems in the valley and to report the results of their study to the selectmen on or before January 1, 1975; and to raise and appropriate a sum of \$350 for expenses related thereto. (pursuant to RSA 53-B: 1-5) Agreeable to a petition signed by H. C. Dickinson, Jr. and others. Recommended by the Budget Committee.

ARTICLE 5. To see if the town will vote to raise and appropriate the sum of \$59,000.00 toward reappraisal of all real estate in the town as soon as is practicable. Recommended by the Budget Committee.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of \$6,500 for an assistant town manager. Recommended by the Budget Committee.

ARTICLE 7. To see if the town will vote to purchase the Cassie Davidson property in Center Conway to be used for municipal purposes and to raise and appropriate the sum of \$12,000 for the same. Recommended by the Budget Committee.

ARTICLE 8. To see if the town will vote to ban building construction on the flood plain (land known to have been flooded), as determined by the 1973 survey of the Soil Conservation Service, or on filled land adjacent to the flood plain. Agreeable to a petition signed by Kenneth Dole and others. Submitted without recommendation by the Budget Committee.

ARTICLE 9. To see if the town will raise the sum of three thousand dollars (\$3,000.00) for the Home Health Agency. Recommended by the Budget Committee.

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of \$5,888.60 as the town of Conway's participation in the White Mountains Region Association. Submitted without recommendation by the Budget Committee.

ARTICLE 11. To see if the town will raise and appropriate the sum of \$2,530.00 to assist the Carroll County Mental Health Service, Inc. Agreeable to a petition signed by Pamela Fisher and others. Recommended by the Budget Committee.

ARTICLE 12. To see if the town will vote to raise and appropriate the sum of \$1,000 (one thousand dollars) to help defray the expenses of the Water Safety Program as carried on by the Conway Chapter of the American Red Cross. Agreeable to a petition signed by George W. Reny and others. Recommended by the Budget Committee.

ARTICLE 13. To see if the town will raise and appropriate

the sum of \$1,500.00 to help defray the expenses of the Fourth of July Parade and Fireworks in North Conway as sponsored by North Conway Post No. 95, The American Legion; the total cost of which is about \$2,500.00. Said American Legion Post to pay the balance of the cost and to make no appeal for contributions for this purpose as has been done in the past. Agreeable to a petition signed by Leonard Morrill and others. Recommended by the Budget Committee.

ARTICLE 14. To see if the town will vote to raise and appropriate the sum of \$6,500.00 for the purpose of installing dry hydrants at selected locations mutually agreed upon by the Fire Departments operating within the town of Conway. Recommended by the Budget Committee.

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of \$1,250.00 for the North Conway Day Care Center. Recommended by the Budget Committee.

ARTICLE 16. To see if the town of Conway will vote to raise and appropriate the sum of \$10,000.00 to assist the Conway Village Recreation Commission and the North Conway Community Center; \$5,000.00 to the Conway Village Recreational Commission and \$5,000.00 to the North Conway Community Center. Said sums to be allocated to the Conway Village Recreation Commission and the Board of Directors, North Conway Community Center. Agreeable to a petition signed by Carol Westervelt and others. Recommended by the Budget Committee.

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of \$845.00 toward the support of the Senior Meals and Wheels program. This sum would be eligible for Federal Matching on the basis of \$3.00 of Federal funds for each \$1.00 of local funds contributed. Agreeable to a petition signed by Evelyn B. Dole and others. Recommended by the Budget Committee.

ARTICLE 18. To see if the town will vote to appropriate \$78,173.00 for expenditures on the new Swift River Covered Bridge, and authorize withdrawal of that sum from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972. Recommended by the Budget Committee.

ARTICLE 19. To see if the town will vote to authorize the selectmen to accept gifts, and/or Federal or State Aid in the name of the Town of Conway applied for, received and expended. Recommended by the Budget Committee.

ARTICLE 20. To see if the town will vote to instruct the selectmen to sell real estate in the town to which the town has Title by Tax Collector's Deed. Such real estate to be sold and conveyed on or before December 31, 1974. Recommended by the Budget Committee.

ARTICLE 21. To act upon any further business that may legally come before said meeting.

Given under our hands and seal at Center Conway, this 14th day of February, 1974.

SELECTMEN'S REPORT

The year 1973 was again a busy one for the Board of Selectmen. With the expenditure authorization given at the annual meeting, we tried to administer the tax dollar to the best advantage.

We are still wrestling with the problem of solid waste disposal. Our Mt. Washington Valley Incinerator has been operating at peak capacity and has handled over twice the amount handled two years ago. We have most of the bugs worked out of the operation but continue to overload it. The Board worked out a plan to increase its capacity at a minimum of expense but it was turned down by the State Air Pollution Board. As a result of this and other factors, an ad hoc Mt. Washington Valley Incinerator Committee was appointed and chaired by former Conway selectman Howard C. Dickinson, Jr., to investigate and propose a community incinerator with a capacity of upwards of 100 tons per day. The Committee has had several meetings with outside experts and officials, and for this reason there is an article in the warrant to give it official status. Certain progress has been made and the coming months should produce a lasting solution.

My nemesis of the last three years, the Swift River Bridge, seems to be ended. Firm bids for a steel and concrete bridge were opened on January 25, 1974, and it appears at this writing that it will become a reality in the coming months. It has been difficult for me to maintain friendships with my neighbors and steer what I thought was the right course for the Town. They didn't necessarily coincide.

Since the year's grace period for the sign ordinance was up this year, it was felt by the Board that it should get out on the street, establish ground rules according to our interpretation of the ordinance, and administer it to the best of our ability. This took many hours of inspection, consultation, and adjudication but justified the end result in that we had probably 95% compliance. The other 5% may result in litigation.

One of the most time consuming items in the first half of 1973, was the proposal of Cable TV service to the town. After many meetings and one public meeting, a contract for franchise was signed with Conway Cable TV, a subsidiary of Diversified Communications. Of three potential Corporations, Conway Cable seemed to offer the best deal for the Town. Completion date is scheduled for mid 1974.

Our continuing program of re-establishing old Town roads by means of survey, slowed down in 1973 for reasons unknown to the Board. Having completed most of the compact areas in previous years, we extended to outlying areas where development was impending. Our goal for 1973 was 10 to 15% achieved. This we hope to improve upon in the coming year.

The floods of July and December resulted in Conway being de-

clared part of a National Disaster area and qualified the Town for federal grants to be used in road and bridge repair. In trying to control the Saco River erosion, a bank rip-rap project at the First River Bridge in North Conway was completed last summer. This proved successful but is only one of many erosion problems.

Another piece of property for Conservation purposes has been acquired through the efforts of James Simonds in Eaton who continues to have an avid interest in "Open Space," regardless of political boundaries. This time it was the Philip Davis property in Conway Village and should be a most valuable addition to our public recreation inventory. In addition to this, the Dr. Harold Shedd property opposite Memorial Hospital was deeded to the Town through the generosity of the Pequawket Foundation. This includes frontage on the Saco River.

In a continuing effort to get the tax bills out early so that our borrowing costs might be reduced, Conway's tax rate was set on Sept. 17, 1973—the earliest date on record. Because of this early date and astute reinvestment procedures, we were able to prepay our tax anticipatory note and keep our short term borrowing to a minimum.

Early in August, due to 1973 legislative action, approximately 6 miles of Town road maintenance was assured by the State. This has resulted in greatly reduced Town costs and is the reason for no major new equipment purchase proposed for 1974. This reduction is short lived, however, because new roads are accepted annually and thus offset mileage lost. We expect to accept three to four miles in 1974.

Conway's increase in valuation in 1973 was 2.4 million dollars on a base of 45.5 million dollars and, while this increase was less than the year before, it was greater than was anticipated by the Board. Based on an equalized valuation of 58%, this is a market value of about 4.14 million dollars which is a respectable increase percentage-wise in any man's opinion. 1974 will be a different story.

In 1966 Conway's gross valuation at 100% was 38.5 million dollars. In 1973, just seven short years later, it has appreciated to just over 84 million dollars and that is based on a 1972 equalized valuation percentage. Building pricing schedules used in 1966 are no longer valid in either unit price or proportion of the whole, yet we are bound to that schedule until we have a complete revaluation. Vacant land assessed in 1966 at \$10 to \$20 per acre is presently worth \$100 to \$200 an acre more. At the same time sub-divisions originally priced in 1966 are running 85% to 110% of present vacant selling prices.

The Town of Conway, as before stated, has experienced a phenomenal amount of growth and development within the past decade and, as a result, the present assessments are much more disproportionate than in more stable communities. Therefore, in the opinion of

your Board, it is imperative that we have a complete revaluation as soon as possible. This does not come cheap, but neither does anything else of real value. For these reasons, we urge you to approve this article at the annual meeting. To disapprove, would not be consistent with Town thinking that has been evidenced by progressive actions approved in recent years.

Of significant importance is an article to establish an Assistant Town Manager. His job would be to assist, as the title implies, in the myriad of detail and reports that have become necessary since the adoption of new ordinances, new government and state record-keeping requirements, procurement in the face of shortages and price fluctuations, and greater demands by the citizens. Since we still operate under a part time Selectmen system — and I'm a great believer in that system — it is necessary for day to day scrutiny of operational procedures and to recommend to the Board so that it can make an intelligent policy decision without guessing and being involved to such an extent that time does not allow for future projection. A favorite expression of mine is, "We're so busy swatting flies that the elephants run over us." To my way of thinking, this is the most important job of your Board but it is humanly impossible under the present structure.

Since my term as Selectman expires in 1974, this will be my last report for the Board. It has been six years of learning, work, frustration at times, and even anxiety, but more than anything else it has been filled with satisfaction. It is always satisfying to see one's efforts result in fruition. Innovations in municipal operations in Conway have resulted in increased efficiency as well as a saving in dollars. Innovations such as a part-time assessor, putting the most important function of a selectman on a professional basis instead of a quasi-amateur endeavor; tax records and payroll have been computerized to ease the burden of ever-increasing activity; a Town Conservation Commission was instituted to protect our valuable assets in open space; beginning with the acquisition of Whitaker Woods in 1970, several Town Parks have been preserved for future generations; a reactivated Planning Board established sub-division regulations to help put some kind of order in our growth; anti-pollution goals prompted the first municipal use of propane in Town equipment in New Hampshire, probably New England, in 1970; fringe benefits for Town employees such as Blue Cross-Blue Shield, a retirement system, life insurance and now accident and health insurance began in 1970; against my better judgment, night town meetings began and have proved most successful.

These have been the highlights of my term of office and hopefully, Conway is the better for their establishment. Many things remain to be done but your Board continues to work toward a better end.

At this time I wish to thank my fellow Board members, both past and present, for their cooperation and indulgence; the office staff who have continued to smile in spite of my unreasonable demands; Town Manager Seavey, who has probably the most difficult job in Town and always responded to me above and beyond the call of duty; and to the rest of the Town officials, Boards, Commissions, and employees, I extend my thanks for a job well done. Conway is indeed fortunate to have such interested and dedicated citizens. Good luck and Godspeed.

CHESTER B. LUCY, Chairman
Board of Selectmen

Report of Conservation Commission

On August 26th, 1973 House Bill number 817 became effective which gives enlarged scope to Conservation Commissions. It provides a much greater degree of local review of "dredge and fill" projects in the state's surface waters. Now a developer must notify local officials in addition to the state and if a community wishes it may, through its Conservation Commission, investigate and hold public hearings on the matter.

With this legislation in mind the Conway Conservation Commission held a public hearing to discuss proposed dredging and filling by the Echo Valley Realty Trust at Birch Hill in North Conway and sent its recommendations against said actions to the Special Board in Concord. The pond and bridge proposals were later turned down by the Special Board.

The New Hampshire Revised Statutes declared this year that in a city or town which has a planning board one member of the conservation commission shall also be a member of the planning board and shall be appointed by said board for a one year term. Mrs. Phyllis Greene was selected for this position.

In July the town was presented twelve acres of attractively wooded property across from Memorial Hospital. The parcel has approximately 2300 feet of frontage along the Saco River. It is also accessible from the River Road by First Bridge. This gift was made possible through the generosity of the Pequawket Foundation and by funds from the Bureau of Outdoor Recreation. This summer a section of the banking of the river was protected from further erosion by rip-rapping sponsored by the North Country Resource Conservation and Development Project.

In 1974 the town expects to be given the six and one-half acre "Saco River Overlook" north of the Elk's Club between the Saco River and Route 16. This also will be made possible by the Pequawket Foundation and federal funds.

In November conservation commission members Charles Knox and Verland Ohlson, with the help of Kennett High School students in the Environmental Studies class, cleared a trail at the town's Pudding Pond Property. This new cross-country trail provides access to the pond itself.

Negotiations have been undertaken by the commission to have a trial section of the Whitaker Woods selectively logged in accordance with good forestry practices. This work is expected to be done during 1974.

Work is progressing on establishing the exact location, by surveying, of the Town Common Lands.

In February the town was the recipient of a very special gift provided by Mr. James Simonds and Bureau of Outdoor Recreation funds. The new four acre "Davis Park" is in Conway Village along the river by Route 16. Mr. Simonds has donated three very nice tennis courts which will be completed this spring.

The commission will also receive this year a gift of approximately twenty acres along the south side of Artist Falls Brook in North Conway. This is being acquired through the generosity of Mr. Whitman Duprey (the owner) and Bureau of Outdoor Recreation funds. This will be especially appreciated as the falls themselves are beside the property.

Soil condition maps and floodplain maps have been acquired from the Soil Conservation Service, and long-range management plans for Whitaker Woods and Pudding Pond are being worked out by the Carroll County Extension Service.

Report of Library Trustees

At the town meeting of 1972 the trustees of the library requested \$5700 for repairs and improvements, and the appropriation was voted. We wished to add much needed new rooms in the basement and began making plans immediately but did not expend any of the appropriation that year. At that time we expected to apply for the federal funds available for such a purpose through the state library. But conditions changed, the federal funds became unavailable, State Library services were drastically reduced; by the time of the town meeting of 1973 we had revised our plans, and decided to begin alterations without outside help, proceeding slowly and gradually. The amount of \$5700 which had been appropriated but not spent in 1972 must be re-appropriated in 1973 if the funds were to be available, and as this is usually only a routine matter we did not anticipate any difficulty; we requested an additional appropriation of \$3600 for alterations in 1973 — a total of \$9300 in a special article. We had engaged an architect to draw up the plans for the desired improvements, and to begin the program were asking for enough to make an entrance on the south side of the building, with a stairway to the first floor reception area. According to law there should be a second entrance, and we wished to make the library services available to people in wheel chairs.

The special article was defeated. Instead, it was voted to raise and appropriate \$600 for a parking area (which had been only incidental to the new entrance planned) and a sidewalk around the building, for which we had no desire and which would add considerable unavoidable expense because of the outdoor lights required and the necessary removal of snow. We now have the parking space at the rear of the building and need a sign (at more expense) on East Main Street to point it out.

In spite of this setback, our library has continued to expand its services. Please note in the budget that at the end of 1973 we had \$661.44 in unexpended funds, besides \$2160.26 from various sources of revenue, which reduced the needed appropriation in 1974 from \$19,347 to \$16,525.36. ***

The outstanding achievement of the year is the completion of the Children's Room, given by the Lucy Family in memory of their parents, Arthur and Irene Lucy. For the opening of the room in the summer we held an informal reception, with gratifying attendance. An increase in the circulation of children's books began immediately and for the rest of the year reached at least a thousand more than the previous year's.

The requirements for membership in the State Library De-

velopment Program have finally been met: hot water has been installed, and a better toilet in the basement. A compromise on the number of hours the library must be open has been reached. The statement of policy for the library, on which the trustees have been working ever since joining the program, has been completed, with an extra meeting in June devoted entirely to final discussion on the subject. The policy has been submitted to the State Library Commission and praised by the Director of the North Country District.

In September the quarterly meeting of the No. Country District Advisory Council was held in our library, with representatives from many of the North Country libraries. The subject for discussion was budgets, with speakers presenting the problems for libraries of various sizes.

In formulating the policy, the trustees decided to increase the number of their meetings from four to six — one every other month beginning in January, and special ones as required, especially for preparing the budget.

I regret to say that two of the trustees who have given long and faithful service to the library are retiring on March 5: Liberty Santamaria after 17 years (14 as treasurer), and Chester Lucy after 8 years. They deserve much praise for their devotion to the interests of the library.

The librarian, Mrs. Marschner, was granted a three-months leave of absence when Miss Jennifer Marschner was born, and Mrs. Towle became acting librarian for that period. We appreciate the courteous and efficient services of these two librarians, and of the assistants: Annah Carroll, Amy Gardner, Tracy Gardner, and Loraine Duncan; and of the custodian, James Richardson.

HELEN E. NUTE, Trustee

*** The trustees are very grateful to the many generous friends who have given us both material and moral support. We have continued all the activities I listed in detail in last year's report. The Outreach Program, of which we are especially proud, has continued to expand.

Conway Village Park Association

The Conway Village Park Association reports the following for 1973:

Last year we made plans to have the park seeded and fertilized, a fountain installed with an illuminated flag pole, flowers, and possibly some benches. After all the estimates were in, we found it was financially impossible to proceed with all the plans. However we did have the park seeded, fertilized, mowed, some geraniums planted and some trees planted. After talking with the Town Manager, we think that with the cooperation of the town, it will be possible to have a fountain and illuminated flag pole. We hope this can be accomplished this year.

We were happy to have Mrs. C. Beach Powell accept the vacancy created by the resignation of Mr. Harold Pitman.

The money expenditures are as follows:

Cash on hand 1/1/73		\$815.47
8/11/73 Pequawket Foundation for trees	\$15.00	
8/13/73 Flowerland for geraniums	16.80

Report of Police Commission

1973 was a most active year for the Conway Police Commission. From all appearances, Chief Lane has a department which works very well together and the performance of the manpower has improved noticeably. The Commission offered open meetings which would allow the general public to come and voice any complaints they had regarding the performance of the department in general. After several months of this and with a lack of response, the open meetings were done away with. The Commission also formulated and published booklets of rules and regulations and every member of the department was issued a set of these regulations.

As always, various problems were brought up during the course of the year and handled expeditiously by the Commission. I am also happy to say that we underexpended our budget by over \$2,000. This money was returned to the Town Treasurer. This figure does not include several thousands of dollars collected by the department in the manner of parking fines, pistol permits, insurance charges for accident reports, etc. which were also returned to the Town Treasurer.

Credit must be given to Chief Lane for making available to the department and the Commission over \$11,000 in State and Federal grants which greatly aided us both materially and manpower-wise.

At this time I wish to thank Francis Deasy and Philip Roberts for their help and cooperation in making this year a most productive one for the people of the town of Conway.

Respectfully submitted,

DONALD L. GEORGE

Chairman, Conway Police Commission

Report of Chief of Police

In this, my fifth report of the Chief of Police, in more than four years, I wish that I could report to you that there was a significant decrease in our crime rate, but I cannot. I can, however, report to you that instead of the increase of 43% in 1971 and the 30% increase in 1972, there was only an 18% increase in 1973. Our arrests increased in 1973 by 19% over 1972.

In looking over the statistics of 1973 and comparing them to previous years, I find there are a number of percentage increases and decreases which reflect the many improvements within the department. For example of a decrease; there were 10% fewer motor vehicle accidents in 1973 than 1972. I might add that we have not had an alcohol related highway fatality in this community since the fall of 1970. An increase which I feel reflects confidence and recognition in the police department is the 42% increase in telephone calls coming into the office reporting crimes, possible crimes and general inquiries of the department.

Most of all the members of the department including part-time officers, dispatchers, etc. are continuing to pursue further education in law enforcement. Now, with the creation by the New Hampshire Legislature of a Police Standards and Training Council, which is authorized to adopt certain standards for the hiring of police officers for Cities and Towns and for minimum training requirements, we are able to see to it that your police officers are of higher caliber and are better trained and more qualified to serve you. In the three years that there has been this council, they have only adopted three mandatory requirements and they are: 1. Applicants must have a high school diploma or its equivalent; 2. must attend an approved six week training school within six months of date of employment, and 3. that all police officers must be certified as police officers. All of these do not pose any undue hardship upon the departments. During the year of 1973 we sent two officers to the training school, Patrolmen Mullen and MacLean. During the year, after competitive exams, Patrolman MacLean was promoted to Sergeant, and this has been a big improvement to the over-all supervision of the shifts.

Federally funded projects for the department were many and we received more than \$10,000 to assist the department. These projects paid in part for a Summer Cadet program, new office furniture, cruiser, equipment, and manpower. Hopefully, 1974 will bring about an equal amount of federal funds.

Members of the department logged an average of more than 8.7 hours per week of overtime per man during the year. This consisted of coverage for shortages in manpower, floods, investigations, reports, parades, traffic and courts. This overtime did not include any of the many hours spent for in-service training and educational programs.

I would hope that some of this overtime can be reduced in 1974, but it can only be reduced if; 1. criminal complaints are reduced, and 2. if more manpower is available. It cannot be reduced in any other manner. Somehow in the future some provisions can be made to provide some relief for the time spent for educating and training these police officers.

This year I have asked for increases in the budget submitted to the Commissioners for wages, manpower, equipment and supplies, vehicle replacements and general increases for costs of running the department, such as the increase in gas prices, etc.

Thank you for your support and may we, the members of the Conway Police Department, continue to provide adequate protection to your life and your property.

CHIEF ALBERT G. LANE
Conway Police Department

Water Safety Program

The Town of Conway appropriated \$1,000.00 for 1973 to help pay costs of the Water Safety Program as directed by the Conway Chapter, American Red Cross.

Classes for Conway and North Conway Villages were held at Echo Lake State Park, using the facilities there during two different four-week sessions. The first one was attended by children from North Conway, Kearsarge, Intervale and Redstone children. Children from Albany, Conway Village and Eaton attended the second session. Scheduling was arranged to meet the educational needs of children of different abilities.

347 children were enrolled for classes. There are about 100 children who should be attending these classes each summer who do not have transportation. Even though parents cooperated in driving other children to lessons, it was not always possible to juggle schedules. More volunteer drivers are needed in 1974.

The expenses for 1973 are listed. Salaries and mileage allowances are combined:

Echo Lake, first session	\$ 554.40
Conway Lake	117.44
Echo Lake, second session	565.37
	\$1,237.21

The Conway Chapter, American Red Cross, the co-sponsor of this program, pays all of the other expenses connected with the program. These expenses include training of the instructors. Two instructors from the Chapter were sent to Aquatic School. The one from the town of Conway was Miss Helen Warren. Her scholarship was awarded in memory of Mrs Ellis McKeen, who for many years was an interested and active supporter of the Water Safety Program.

The staff for 1973 included:

Helen F. Hill	Water Safety Instructor
Philip J. Ostroski	Water Safety Instructor
Leigh Bickford	Water Safety Instructor
Stefanie Cravedi	Water Safety Instructor
Verlene Kendrick	Water Safety Instructor
Lucy Warren	Water Safety Instructor
Helen Warren	Water Safety Instructor

In addition, Karen Judge attended Aquatic School at her own expense since the scholarships had been awarded, and volunteered her teaching services at the Echo Lake classes, first session. Beth James volunteered as a Water Safety Aide-in-Training. We hope that any Water Safety Instructors in the area during July and August will offer to help. For anyone living in this area, these lessons are a necessity. Let's be sure every child has an opportunity to learn.

Report of Forest Fire Warden and District Chief

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hand is a potential forest fire.

Forest fire records: Fires reported — state 617; district, 36. Acres burned: state 244, district 32½. Acres average size: state .395; district .9.

A very good record considering the camping and the number of new people in town who are unfamiliar with outside burning hazards.

Hubert C. Hartwell, Jr.
DISTRICT FIRE CHIEF

Charles Whitcomb

**REPORT
ON AN EXAMINATION AND AUDIT
OF THE ACCOUNTS
OF THE
TOWN OF CONWAY
FOR THE FISCAL YEAR ENDED DECEMBER 31, 1973
MADE BY**

Department of Revenue Administration

JANUARY 3, 1974

STATE AUDIT — TOWN OF CONWAY

**DIVISION OF MUNICIPAL ACCOUNTING
FREDERICK E. LaPLANTE, Director**

January 3, 1974

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen
Conway, New Hampshire 03818
Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Conway for the fiscal year ended December 31, 1972, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, District Court, Public Library, Trustees of Trust Funds and Director of Civil Defense.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt, and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

FINANCIAL STATEMENTS

GENERAL FUND:

Comparative Balance Sheets — December 31, 1971 and December 31, 1972: (Exhibit A-1).

The financial condition of the General Fund as of December 31,

1971 and December 31, 1972 is disclosed in Exhibit A-1. As indicated therein, the current surplus (excess of total assets over total liabilities) increased by \$19,203.03, from \$188,564.66 (revised) to \$207,767.69, during 1972.

Analysis of Change in Current Financial Condition:

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increases in Current Surplus:

Net Budget Surplus (Exhibit A-4)	\$129,335.68	
Tax Collector's Excess Credits (Net)	66.59	
Accounts Payable Adjustment a/c		
Payroll Deductions	96.87	
		\$129,499.14

Decreases in Current Surplus:

Surplus Used to Reduce		
1972 Tax Rate	\$109,595.00	
Tax Liens Transferred To Tax Deeds	72.19	
New Trust Funds Transferred To		
Custody of Trustees of Trust Funds	628.92	
		\$110,296.11

Net Increase in Current Surplus	\$ 19,203.03
---------------------------------	--------------

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: Exhibits A-3 and A-4)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1972, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary, a net unexpended balance of appropriations of \$54,143.82, plus a revenue surplus of \$75,191.86, resulted in a net budget surplus of \$129,335.68.

LONG TERM INDEBTEDNESS:

Comparative Balance Sheets — December 31, 1971 and December 31, 1972: (Exhibit A-5)

Comparative Balance Sheets showing the outstanding long term indebtedness of the Town as of December 31, 1971 and December 31, 1972 are included in Exhibit A-5. As disclosed therein, the long term debt decreased by \$10,000.00 during 1972, from \$65,000.00 to \$55,000.00.

Statement of Annual Debt Service Requirements (Exhibit A-6)

A statement of annual debt service requirements (principal and interest) as of December 31, 1972 is contained in Exhibit A-6.

TREASURER

General Fund:

A summary statement of general fund receipts and expenditures for the fiscal year ended December 31, 1972, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1972 is indicated in Exhibit B-2.

Highway Bond Issue Fund: (Exhibit G).

The activity in the Highway Bond Issue Fund during 1972 is reflected in Exhibit G. As stated therein, unexpended bond proceeds and accumulated interest on investments amounted to \$36,614.99 in this fund at December 31, 1972.

GENERAL COMMENTS AND RECOMMENDATIONS

Accounts Due To The Town – December 31, 1972:

Due from Conway Fire Precinct – \$13,837.25

Due from North Conway Lighting Precinct – \$3,262.65

Due from Center Conway Fire Precinct – \$1,181.69

Due from East Conway Fire Precinct – \$28.00

As indicated in our 1971 audit report, these amounts represent payments of business profits tax distributions which were erroneously made by the Town to the above precincts during 1970 and 1971.

In connection with such distributions, it should be noted that these are paid by the State of New Hampshire directly to and retained by the Town, although in determining tax rates for county, municipal, school district and village district purposes, each respective unit of government is given credit for its pro rata share of this revenue. The amount credited to the tax rates of units of government other than the town, however, is not to be transferred to such jurisdictions.

The above stated amounts, therefore, should either be recovered directly from the precincts or deducted from subsequent precinct assessments levied against the Town.

Due from Trustees of Trust Funds – \$9,979.25

The foregoing amount represents the following reimbursements due the Town from Capital Reserve Funds:

(1) From Capital Reserve Fund for Survey of Streets and Tax Maps.

a. Excess transfer to Capital Reserve Fund
during 1971 (Exhibit A-3) \$4,514.53

b. Unreimbursed expenditures for Survey of
Streets and Tax Maps a/c 1970, 1971
and 1972 (Exhibit A-3) 2,034.72

(2) From Capital Reserve Fund for Mt. Washington Incinerator:

1972 Authorized Withdrawal Per Budget
(Exhibit A-4) 3,430.00

\$9,979.25

Accounts Receivable — \$4,132.63

This amount consists of the following items:

(1) Due from Taxpayer a/c Duplicate Tax Refund	\$ 31.95
(2) Incinerator Use Charges a/c 1972:	
Town of Albany	\$1,482.46
Town of Eaton	1,538.22
	3,020.68
(3) Due from Vendor a/c Duplicate Payment	1,080.00
	\$4,132.63

During the course of this examination the following inadequacies in accounting procedures and compliance with statutory provisions of law were noted.

Preparation of Budget:

The copy of the budget posted with the 1972 Town Warrant, which form was submitted to the former Tax Commission as required by statute, was incorrectly prepared and contained the following errors:

- (1) Five (5) appropriations totaling \$35,629.74 which were recommended by the Budget Committee were not inserted on the budget form.
- (2) Two (2) appropriations amounting to \$4,700.00 and submitted without recommendation by the Budget Committee were listed as recommended appropriations.
- (3) Four (4) Appropriations, the amount of which totaled \$15,641.00, submitted without recommendation by the Budget Committee were not listed in the column provided for this purpose.

In connection with the preparation of the budget in towns operating under the Municipal Budget Law, the provisions of R.S.A. 32:7 require that upon completion of the budgets, the chairman of the budget committee shall forward to the Department of Revenue Administration (formerly the State Tax Commission) a copy of each budget approved by the budget committee. This document should reflect the actual appropriations approved by the budget committee or submitted without recommendations. R.S.A. 32:8 further provides that no appropriation shall be made by an annual or special meeting for any purpose not included in the budget posted with the town warrant.

Also, it should be noted that all anticipated income to be derived during the fiscal year should be inserted in the revenue section of the budget. In this regard, we noted that anticipated revenues to be collected from surrounding towns participating in the Ambulance Service and Mt. Washington Incinerator projects were not reflected in the revenue section of the annual budgets. The omission of such revenue resulted in the raising of property taxes in excess of actual requirements.

Selectmen's Orders:

An extensive review of the Selectmen's orders (vouchers) covering payments to vendors and employees was made during the audit to determine the propriety and classification of expenditures. In a number of instances we found that payments to vendors were not properly supported by vendors' invoices. Reimbursements to town officials and employees in a few cases were not adequately substantiated in that claim for reimbursements did not indicate dates travel occurred, number of meals taken, receipted bills or purposes of trips made.

It is recommended that all Selectmen's orders be properly and fully substantiated by vendors' invoices and properly documented travel reimbursement claims.

Accounting For Miscellaneous Receipts Inadequate:

The existing accounting procedures covering the receipt of miscellaneous revenues paid directly to the Selectmen or remitted to them by other town departments or agencies are inadequate and do not provide proper accounting control over these revenues. In most instances formal written acknowledgement of the receipt of monies is not made. Many of the "advice to vendor" forms which accompany checks paid to the Town by the State of New Hampshire are either lost or discarded in process. These conditions result in the erroneous classification of receipts and revenues; because collections are not all properly identified upon receipt thereof, in some cases receipts which are revenues are treated as appropriation credits. This mistates the results of operations by understating revenues and overstating amounts available for appropriation expenditures.

It is recommended that all collections received by the Board of Selectmen, or their office staff, be properly acknowledged in writing by the issuance of a formal, pre-numbered receipt form prepared in triplicate. The distribution of these forms should be as follows:

- (1) The original copy to be given to the payer or departmental employee or officer remitting the monies collected.
- (2) The duplicate copy to be forwarded to the Treasurer when collections are remitted to that officer.
- (3) The third copy to be retained to support entries in the Selectmen's cash receipt book.

The receipt form should provide at least the following information: date of receipt, the name of the payer, the amount received, the nature of the receipt and the account to be credited.

Withholding Taxes:

It was noted that on several occasions income taxes withheld from employees were not remitted on a timely basis.

These remittances should be made on a timely basis as the statutes covering such payments provide for the assessment of substantial penalties for untimely remittances.

Civil Defense Fund:

It has been the practice to pay the annual appropriation raised for Civil Defense to the Director of Civil Defense. This procedure is contrary to the provisions of R.S.A. 41:29 which stipulates that "the town treasurer shall have custody of all money belonging to the town, and shall pay out the same only upon orders of the selectmen."

We have therefore instructed the Director of Civil Defense to return all unexpended funds to the custody of the Town Treasurer.

Ralph Wentworth Cemetery Fund:

During the year the Selectmen paid over to the Trustees of Trust Funds the sum of \$628.92, representing the principal of and estimated accrued income on the Ralph Wentworth Cemetery Fund, which was created in 1952. Because of apparent oversight, this newly created trust fund had not been transferred to the custody of the Trustees at an earlier date.

Unremitted Payroll Deductions — \$378.80

It is recommended that all payroll deduction accounts be reconciled on a monthly basis to the end that any discrepancies occurring in these accounts be corrected as promptly as possible. As indicated above, at the close of 1972 deductions in the amount of \$378.80 had not been remitted to various agencies and vendors.

Treasurer

In a number of instances, the recorded receipts in the Treasurer's cash book did not agree with total bank deposits shown. These discrepancies were mostly attributable to the Treasurer's failure to record all receipts deposited.

It is recommended that the Treasurer exercise greater care in recording itemized receipts and reconcile each deposit made with corresponding receipts in the cash book. In addition, all receipts should be recorded immediately upon receipt thereof, and supporting documents which identify the source of each receipt should be carefully preserved for audit purposes.

District Court

The provisions of R.S.A. 502-A:9 require the payments to cities and towns shall be made monthly, on or before the fifth day of each month, and shall cover the net receipts — of said court for the month preceding. It was noted that monthly remittances to the town treasurer of net court receipts were not made on or before the fifth day of each month in every instance.

It is recommended that all such remittances be made on a timely basis.

Computerized Payroll Procedures

We noted that effective June 8, 1972 the preparation of payrolls is being accomplished through a computer service provided by a local

bank. Under this arrangement, town employees are paid by bank checks rather than by town checks, and the cancelled bank checks are retained by the bank.

Although this method of payroll preparation is recognized as superior to manual methods, the use of bank checks instead of town checks is one element which does not conform to the statute (R.S.A. 41:29) governing the custody and disbursement of town funds. It is therefore recommended that all payroll disbursements to town employees be effected by special town payroll checks and that a special payroll checking account be used to administer these funds.

Resident Tax Warrants

It has been the practice of the Board of Selectmen to assess resident taxes on the basis of residency within the various precincts in the town. This method of assessing resident taxes produces much confusion as in many instances taxpayers are assessed resident taxes in one or more precincts. In certain cases, some taxpayers are assessed in as many as four different precincts.

We recommend that resident taxes be assessed strictly in an alphabetical order. This method will minimize the number of duplicate assessments, necessitate a lesser number of abatements, and provide greater accuracy in determining revenues from this source.

Tax Collector

Under existing practices followed by the Tax Collector, tax receipts are recorded in the cash book in a chronological order. However, postings to the tax warrants are made from duplicate tax receipts or stubs rather than from the cash book. This procedure breaks the accounting cycle and is contrary to accepted bookkeeping procedures. As a result, misclassification of recorded receipts, unposted items, and other bookkeeping errors are not detected. Consequently, the tax warrants continuously show imbalances, either in the form of excess debits or credits.

Additionally, a thorough examination of the tax warrants, particularly the resident tax warrants, disclosed a high incidence of duplicate assessments, tax collections recorded as added taxes rather than posted to original assessments, assessments levied against deceased taxpayers, non-residents, and residents in active military service, etc. It has been the policy of the Selectmen to abate such erroneously assessed taxes at the end of each fiscal year, irrespective of when the errors in assessment are discovered during the year.

In numerous instances, taxpayers fail to bring their tax bills when making payments to the Tax Collector. In such cases, the Collector prepares informal receipts for internal use, but in some cases does not properly annotate pertinent information such as date of payment, type of tax, year of levy, etc. Thus, the precise information required to adequately identify some of these receipts is unavailable.

With respect to supplemental tax assessments, it is noted that

the Selectmen do not issue added tax warrants to the Collector for the purpose of authorizing the collection of such taxes as have been omitted from the original tax warrants.

Inasmuch as the Collector has not been provided with a change cash fund, it is necessary for the Collector to withhold tax receipts to provide such a change fund.

The Selectmen have paid the Collector the sum of only \$44,469.-60 (Exhibit B-1) towards total tax sale purchase of \$44,696.31 on June 29, 1972. As indicated in Exhibit A-1, an additional sum of \$226.71 is due to the Collector at December 31, 1972 to complete payment of the purchase price of the tax liens purchased by the Town.

It is recommended that the following procedures be adopted with respect to the Tax Collector:

- (1) That postings to the tax warrants be made from the cash book rather than from duplicate tax bills or stubs. Furthermore, a (X) mark should be placed next to the collections listed in the cash book as these are posted to the warrants. Finally, a posting reference should be indicated in the column provided for this purpose in the cash book.
- (2) Abatements should be issued by the Selectmen on a monthly basis for all duplicate or erroneous tax assessments.
- (3) In those instances where taxpayers do not bring their tax bills when paying taxes, the Collector should prepare a properly receipted tax bill in duplicate, give the original thereof to the taxpayer and retain the copy for recording purposes. The Collector should exercise great care to the end that such tax receipts will bear the proper year of levy.
- (4) Supplemental tax warrants should be issued by the Selectmen on a monthly basis for all added taxes committed to or collected by the Collector during the calendar month.
- (5) An adequate change fund should be provided to the Collector from Town funds thereby eliminating the necessity for the Collector to withhold tax receipts for this purpose. Adoption of this recommendation will permit the Collector to remit all tax collections intact to the Town Treasurer.
- (6) The Selectmen should draw a town order payable to the Collector in the amount of \$226.71 for the balance of the tax liens purchased by the Town in 1972 but not paid to the Collector prior to the end of the fiscal year.

Town Clerk:

The Town Clerk follows the practice of recording in a chronological order on a daily basis only receipts from the sale of motor vehicle permits for the current year. Motor vehicle permits of the previous or succeeding fiscal years are set aside and recorded only at the end of each month. All receipts, however, are deposited on a daily basis or as often as practical.

We recommend that the Town Clerk discontinue the above described practice and henceforth record all receipts from whatever source as these are collected and properly identify the year of issue in the columns provided for this purpose in the Clerk's cash book. This step will facilitate the reconciliation of deposits with actual revenues by this office.

Accounts Due From Other Towns:

During this examination we were unable to determine from the Selectmen's records the actual amount of charges billed in 1972 to surrounding towns participating in the Ambulance Service and Mt. Washington Incinerator programs for the reason that copies of the charges were not available. As a result of this situation we were unable to verify the actual amount of unpaid charges due from these towns at December 31, 1972.

It is recommended that hereafter all billings to surrounding towns be made in triplicate. The original invoice should be sent to the towns sharing these services, the duplicate retained as a permanent copy in the Selectmen's records, and the third copy submitted to the Treasurer upon receipt of payments from the Towns. Furthermore, each town should be requested to submit payment for these services before the end of each fiscal year.

Publication of Annual Reports:

Attention is directed to the provisions of R.S.A. 41:13 and 41:14, which require as follows:

"41:13 Report. At the close of each fiscal year the selectmen shall make a report to the town, giving a particular account of all their financial transactions during the year, and of the financial condition of the town at the close of the year, including a schedule of all its assets and liabilities."

"41:14 Publication of Reports. The selectmen shall cause their report, and those of other officers required by law to make reports, to be published in pamphlet form at the expense of the town and make the same available to the voters of said town at least seven days prior to the date of the annual meeting."

It is noted that the 1972 annual report for the Town of Conway did not adhere to the foregoing statutes inasmuch as a balance sheet of assets and liabilities showing the financial condition of the Town as of December 31, 1972, the financial reports of the Town Clerk, Tax Collector, Treasurer of Trust Funds, and a schedule of outstanding long term indebtedness were omitted therefrom.

In towns where an annual examination is made by the Division of Municipal Accounting and the audit is completed before the annual town meeting, it is not necessary to publish separate departmental financial reports if the entire audit report is published in the annual town report.

However, in those instances where such examination is not made or completed in time for inclusion in the current annual report of the Town, the Selectmen must assume the responsibility of gathering and assembling for publication all required agency or departmental reports.

Mechanization of Accounting Functions Recommended:

The general accounting system of the Town consists essentially of the prescribed Selectmen's cash receipt and payment books. Proprietary and budgetary ledgers are not maintained. Effective accounting control over the Town's affairs is therefore very limited. In addition to the Selectmen's cash books, subsidiary records of receipts and expenditures on a line item basis are kept informally on columnar analysis paper. These records serve in effect as appropriation and revenue accounts. The maintenance of the latter records results in considerable duplication of effort by the clerical staff. Except for the processing of payrolls, all accounting functions are performed manually.

We strongly recommend the acquisition of mechanical accounting equipment for record keeping purposes. This would permit performing multiple accounting functions in a single operation and in the elimination of duplicate record keeping. Additionally, because of automatic registers which such equipment features, substantial economics in clerical time and expense will be realized in processing accounting data. This will permit the preparation of current accounting reports on a timely basis, and at year end should contribute to the reduction of expenses incident to the annual audits.

We further recommend that appropriate proprietary accounts be maintained in addition to budgetary records. This will provide improved accounting controls over all town financial resources and offsetting liabilities.

Conclusion:

The provisions of Chapter 71-a, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We extend our thanks to the officials of the Town of Conway for their assistance during the course of the audit.

Yours very truly,

FREDERICK E. LAPLANTE
Director

Division of Municipal Accounting

Department of Revenue Administration

January 3, 1974

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Conway for the fiscal year ended December 31, 1972.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Conway at December 31, 1972, and the results of its operation for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

FREDERICK E. LAPLANTE

Director

Division of Municipal Accounting

Department of Revenue Administration

REPORT OF THE TRUST FUNDS OF THE TOWN OF CONWAY, N. H., ON DECEMBER 31, 1972
